PINCHOT NAMED MEDIATOR IN HARD COAL CRISIS

SCHAD RE-ELECTED ELKS' PRESIDENT FOR A THIRD TERM

Low Uecker, Watertown, Chosen Treasurer Over Knute Anderson, La Crosse

MRS. J. F. BARTL ON PROGRAM AT FRIDAY'S SESSION OF ELKS

La Crosse Elks' Band to Take Part in Big Parade Saturday

MADISON, Wis.—Milwaukee was chosen as the 1924 convention city of the Wisconsin Elks at the closing business session of the annual convention here Saturday.

Following the choice of the convention city, memorial services for deceased Elks were held. Judge John C. Karel, Milwaukee was the principal speaker.

MADISON, Wis.—William F. Schad, Milwaukee, was unanimously re-elected president of the Wisconsin Elks association Friday afternoon.

Joseph Starr, Madison, was elected second vice president. The other three vice presidents, George L. Grinnell, Waukegan, A. W. Holland, Superior, and Car. Rogers, Oconto, were all re-elected. State Senator Theodore Benzig, Sheboygan, was re-elected secretary.

Low Uecker, Watertown, was elected treasurer over Knute Anderson, La Crosse, 160 to 74. After which Anderson moved to make the selection unanimous.

The nomination of Mr. Schad for president was seconded by William C. Carey, who had been mentioned as a candidate for the position. Mr. Carey declared that Mr. Schad had faithfully worked to perform and should be given a third term.

Why Recreation is Needed

There are several reasons why such development is needed, he pointed out, and gave as paramount examples the following:

1. The unrest existing throughout the world and the nation.
2. The crime in America.
3. The strenuous and thrilling life led by young people of the country.
4. The specialization in industry which has made workers perform their tasks as machines.
5. The added leisure provided by the modern machine.

WEATHER REPORT

For La Crosse and vicinity—Probably local thunder showers tonight or Sunday. Warmer tonight.

For Wisconsin—Cloudy tonight and Sunday with probably local thunder showers. Warmer tonight.

For Minnesota—Mostly clear tonight. Warmer tonight.

For Iowa—Generally fair tonight and Sunday except local thunder showers. Warmer tonight.

For Illinois—Mostly clear tonight and Sunday. Warmer tonight.

For Missouri—Mostly clear tonight and Sunday. Warmer tonight.

MAIL PILOT IN RECORD NIGHT FLIGHT WINNER IN RACE WITH DEATH TO FATHER'S BEDSIDE

BUCHANAN, Mich.—Jack Knight, veteran air mail pilot, flying through the night, won a race against an unseen competitor—Death—when he landed here about 7:30 o'clock Saturday morning in what is believed to be the longest single night flight in the history of aviation. Racing from Cheyenne, Wyo., nearly a thousand miles from here, Knight reached home in time to find his aged father, Dr. M. M. Knight, alive.

Knight landed here in a field, the nearest one to his father's home, he said, and hurried to the house. His father, who has practiced medicine here for many years and is 89 years old, has been ill for four days and suffered a relapse Friday.

Witness Admits Arnold Solicited EMPLOYEES' ADVICE

Consulted With Workers Says Man Who Friday Depicted Broker as "Czar" of Office

SUPERIOR, Wis.—By The Associated Press.—Victor H. Arnold, head of the new defunct Madison Bond company, and the Victor H. Arnold company of Chicago, charged with use of the mails to defraud, solicited the advice of his employees on virtually every problem met by his company, it was admitted by R. E. Buckman, "star witness" for the government, Saturday. Buckman made the statement while under cross-examination at the hands of Hal S. Corbett, chief of defense counsel.

Arnold had been painted by witnesses who had testified for the government as a "boss" who ruled with an iron hand. His word was law in the office, witnesses had sworn, and none had dared to cross him.

Buckman, whom Arnold once charged with embezzlement while vice president of the Madison Bond company and whom Arnold had arrested charged with such an offense, admitted that Arnold very frequently discussed matters with himself and other employees as well. There were few moves taken by Arnold, the witness admitted on which the president of the company did not solicit advice of his employees before acting.

Mrs. Arnold said with head erect listening to every word spoken by her brother. Buckman, she smiled bitterly as the witness told of how her husband, the defendant, took his employees into his confidence and discussed affairs of the Madison Bond company.

When court recessed Buckman still was on the stand under fire of cross-examination.

FINE AND JAIL SENTENCE GIVEN DRUNKEN DRIVER

Ted Renning of Caledonia Goes to Jail for Ten Days for Driving While Drunk

Police Judge C. W. Hunt held to his policy, recently announced, of assessing both fines and jail sentences for those found guilty in his court of driving an automobile while under the influence of liquor. Ted Renning, a farm hand of Caledonia, was fined \$50 and costs, amounting in all to \$62.50 for driving his car while intoxicated Friday night.

Ole Narum of Caledonia, who was with Renning in the car at the time, paid \$12.50 on a charge of intoxication.

WOMAN SPEEDERS JAILED IN CHICAGO

CHICAGO, Ill.—Police today made even more vigorous their campaign against speeding and intoxicated motorists following the killing of an 86-year-old man by a car driven by Mrs. Anna Ruf, a telephone operator, and the sentencing to the Bridewell for five days of a woman who gave the name of Miss Elizabeth Stark. The latter was sentenced for speeding while intoxicated.

BUGGY UPSETS; BOY DROWNS

RAPID CITY, S. D.—The 8-year-old son of Peter Wilson of Rapid City was reported drowned in Belle Fourche river, east of the Platte bridge, when the buggy in which the family was riding, upset in a freshet. Other members of the family narrowly escaped.

SMITH HEADS PIG-WIG

MEMPHIS, Tenn.—C. D. Memphis capitalist, was elected president of the Piggly Wiggly corporation at a meeting Saturday of the directors of the corporation.

JENSEN CONFESSES HE KILLED JAEGER AND STOLE MONEY

Truth of How Hermit Came to Death Finally Revealed to Authorities

DESCRIBES ATTACK ON AGED MAN AT DOOR OF HIS HOME

Police Recover Part of Money Stolen by Madison Men

BARABOO, Wis.—Alvin L. Jensen, held by the Sauk county authorities with John Galloway on a charge of murder in connection with the death of Robert Jaeger, Black Hawk reclus, confessed Saturday morning that he struck the blows which caused Jaeger's death according to Sauk county authorities.

Jensen told the authorities of the manner in which the attack on Jaeger was made. He recited the details of hiring an automobile in Madison, after planning to rob the reclus on the afternoon of August second.

On arriving near Jaeger's shack, the two crept through a corn-field, led by the sound of music coming from the building. On approaching closer Jaeger was seen through a window, playing a violin.

While Jensen and Galloway were still some distance from the building he stopped, and began pacing up and down the road. Coming close to the shack the pair crept along the side of the wall, Galloway peering through the window.

Gives Account of Staying Jensen made some sort of a scraping noise as he moved and the door of the shack flew open, with Jaeger standing in the glowing light. Jensen, according to the authorities, told of striking the old man with an axe which was standing against the side of the house, and then beating him with the butt of a rifle he carried.

Taking a tin box, in which the reclus kept his money, the two, after going through his pockets, returned to the machine and drove to Madison. The garage owner remarked that they must have been driving rapidly because they had covered more than 60 miles in the time the machine had been out.

MAN LOST IN WOODS FOR THIRTEEN DAYS FOUND BY TRAPPERS

ISHPEMING, Mich.—William C. McKinley, Rockford, Ill., lost in the woods near Silver Lake, twenty-five miles north of Ishpeming, for thirteen days, was found late Friday by George Wommer and Rick Anderson, trappers, who hunted for him a week after the man's cries were heard from the woods on the north shore of the lake by fishermen who were unable to cross because of rough water.

McKinley had been walking in a five mile circle and when the trappers found him they had to threaten to shoot him to prevent the half crazed man from running away again.

LEGION CHIEF PAYS TRIBUTE TO UNKNOWN SOLDIER IN LONDON

LONDON.—Col. Alvin Owsley, national commander of the American Legion, who is on his way to the conference of the inter-allied veterans federation at Brussels, Saturday placed a wreath on the tomb of the unknown soldier in Westminster Abbey.

The tribute was paid in the name of the legion.

"NO LEFT TURN" SIGNS PAINTED ON MAIN ST. PAVING

First of Arterial Highway Signs Placed by Board of Public Works

Just so motorists cannot possibly remain in doubt or be unaware of the traffic regulations, the board of public works early on Saturday painted in huge letters, "No Left Turn" at the four corners of Fourth and Main streets. The traffic warning is painted on the brick paving, right where cars either have to run over them or stop on them. This precaution is being taken in addition to the "No Left Turn" signs on the traffic semaphores at Fourth street. The city has also started marking arterial highways. The first arterial highway sign was placed at Sixth and State streets. It is diamond shaped, with yellow background and black letters.

BAKER TO WORK FOR WORLD COURT AND LEAGUE OF NATIONS

NEW YORK.—Newton D. Baker, secretary of war under President Woodrow Wilson, announced Saturday, before sailing on the Homeric to enter his daughter in school at Lausanne, that he would go before the next democratic convention and advocate the league of nations and world court, two measures dear to the heart of his former chief.

RICHLAND CENTER WOMAN HELD FOR DEATH OF INFANT

MADISON, Wis.—A warrant for the arrest of Mrs. Flossie Keepers of Richland Center, a widow, was issued Saturday by Theodore Lewis, Dane county district attorney, charging her with murder in the first degree, in connection with the death of her two week-old child, February 27.

The child was born at a hospital here on February 14, and according to the authorities, was smothered to death in a suitcase at a railroad station here, February 27.

A man who gave the authorities the name of Dowell, is under arrest at Iowa, charged with being the father of the child.

IKERT RESIDENCE DAMAGED BY FIRE SATURDAY MORNING

Fire Breaks Out in Closet Rooms Over Store; Clothing and Furniture Burned

LOSS ESTIMATED AT ABOUT THREE THOUSAND DOLLARS

Part of the Loss is Covered by Insurance

Fire which caused a loss estimated at about three thousand dollars broke out in a closet in rooms over the Ikert store and saloon at 2508 South Avenue at 9:30 Saturday morning. All of the people in the building were in the store downstairs when the fire broke out, and it had gained considerable headway by the time the crew from fire station number five arrived on the scene.

While the exact cause of the fire is not known, it is thought that it was caused by defective wiring in a closet. Clothing and furniture were damaged by the flames and by water, water ran down into the saloon, but none entered the grocery store, no damage to the grocery stock being reported.

The loss is partly covered by insurance.

The rooms above the store and saloon are occupied by the family of Ignatz G. Ikert.

SEEK TO RECOVER GOLD FROM WRECK OF P. & O. LINER

LONDON.—Salvage experts have at last succeeded in locating the whereabouts of the wreck of the P. & O. liner Egypt which went down May 1, 1922, after having been in collision with the French steamer Seine off Ushant. The wreck has been found six miles from the scene of the accident at a depth of 64 fathoms.

The underwriters will attempt to recover gold ingots which the Egypt was carrying and which at present rates are estimated to be worth 10,000,000 pounds sterling. Later an attempt may be made to refloat the vessel itself.

BEGIN LAYING OF EIGHTEENTH CABLE ACROSS ATLANTIC

NEW YORK.—Huge drums at the Far Rockaway work shops of the Commercial Cable company began unrolling the eighteenth cable across the Atlantic Saturday. The cable will run by way of Nova Scotia and the Azores to Havre, a distance of 4,600 miles.

Clarence Mackay, president of the Postal Telegraph Commercial Cable system, telegraphed the cable into the water.

It will have a capacity of 1,200 letters a minute. It will be the longest and fastest submarine connection with the Americas and Europe. Mr. Mackay says. It is the sixth cable of the Mackay system.

TURKS FIRE UPON LAUNCH CARRYING AMERICAN FLAG

ATHENS.—By The Associated Press.—A telegram from the island of Imbros reports that a naphtha launch flying the American flag and carrying ten refugees, was fired upon by Turkish soldiers at Gallipoli, one man being killed and a woman badly wounded.

WEATHER OUTLOOK

WASHINGTON, D. C.—Weather outlook for the week beginning Monday:

Region of the Great Lakes, Upper Mississippi and Lower Missouri Valleys—Moderate temperatures, occasional fair except for occasional thunder showers.

BERLIN PRESS HAILS REPARATIONS STAND OF NEW CHANCELLOR

Newspapers of all Parties Applaud Stresemann Speech Reaffirming German Position

TOPE OF ADDRESS SHOWS CHANGE FOR BETTER CLAIM PARIS PAPERS

Stresemann Statement Leads to Feeling of Optimism

BERLIN.—By The Associated Press.—Approval of Chancellor Stresemann's latest expression on the reparations issue, is voiced Saturday by the press of all parties. The nationalist editors lay stress upon the emphatic manner in which the chancellor rejected any compromise with regard to Germany's sovereignty over the Ruhr and the Rhineland, while the socialist organs think the chancellor displayed a laudable sincerity in dealing with the issue.

Chancellor Stresemann's speech, says the Deutsche Allgemeine Zeitung, organ of Hugo Stinnes, marks distinct progress in that it makes clear to the world the points of difference existing in the way Germany and France look at the question. It goes straight to the crux of the whole issue, says the newspaper—does France want reparations or the Rhine?

The German offer to pledge part of the nation's productive energies as security for reparations, goes far beyond the letter of the Versailles treaty, says the Tagblatt, and affords concrete evidence of Germany's readiness to come to an understanding.

If the present government is Germany's last card it is also the last card in the game Europe is playing, the socialist Vorwarts says. The present German government, it declares, has shown a sincere and honorable desire to arrive at an understanding with France and if the path to a settlement is not found now, there is no knowing how much misery and sorrow the peoples of Europe must yet suffer before the inevitable reconciliation.

Germany has spoken, adds the socialist organ, and France now has the floor.

Paris Optimistic

PARIS.—By The Associated Press.—Chancellor Stresemann's address in Berlin Friday, in which he renewed his predecessor's pledge of material securities for the payment of reparations, has added to the slight, though general optimism felt here over the whole situation.

Although the newspapers regret that Herr Stresemann made substantially the same offer as did Dr. Cuno, they nevertheless remark that the tone of his speech showed a change for the better.

WESTERNER SCALES MOUNTAIN HITHERTO HELD INACCESSIBLE

California Schoolmaster Climbs to Top of Mount Wilbur in Glacier Park

GLACIER PARK, Mont.—Norman Clyde, 38, Weaver, Calif., schoolmaster, mountain climber and a member of the Sierra club of San Francisco, Friday did what no other human being ever could do before. He ascended Mount Wilbur, 9,293 feet, in Glacier National Park.

His hob-nailed boots made the first human tracks upon the 100 yard square summit of this mountain. The best mountain climbers of the United States have failed to scale this peak.

Clyde remained on the summit several hours in order to build a monument to the late Dr. Wynn, nationally known mountain climber who lost his life two years ago while climbing Mount Shish. Dr. Wynn had made unsuccessful attempts to climb Mount Wilbur, but was never fortunate enough to find what Clyde says perhaps is the only possible route to the summit of a very difficult mountain, a chimney climb up its almost perpendicular face.

LABOR COMMITTEE NAMED TO PROBE USE OF INJUNCTION

CHICAGO, Ill.—Samuel Gompers, president of the American Federation of Labor, who recently declared a federal injunction issued against union organizers soliciting non-union dressmakers, was an invasion of constitutional rights, and a further declaration in Milwaukee that judges issued such injunctions should be impeached, Saturday named a committee of fifteen labor leaders to investigate the use of federal injunctions.

INVITES UNION AND OPERATORS TO CONFERENCE

Pennsy Governor Calls on Both Sides to Meet Him in Attempt to Adjust Differences

WORD FROM ATLANTIC CITY SAYS BOTH FACTIONS WILL ACCEPT

Reports Show Plenty of Fuel Available if Operations are Halted September 1

HARRISBURG, Pa.—Invitations to meet him in Harrisburg next Monday noon were sent by Governor Pinchot Saturday to the four representatives of the anthracite miners and four members of the operators' policy committee who have been taking part in the recent negotiations as the first step in his efforts to adjust differences between the two factions and avert a suspension of the mines Sept. 1. Governor Pinchot was Friday appointed by President Coolidge as a special mediator of the coal controversy.

Governor Pinchot in a statement upon his return from Washington said President Coolidge had asked him to take hold of the anthracite situation and do what he could to find a solution.

Both Sides Accept ATLANTIC CITY, N. J.—Representatives of anthracite mine operators and officials of the miners' union will accept Governor Pinchot's invitation for a conference at Harrisburg Monday on the threatened anthracite suspension.

Members of both groups who are still in Atlantic City said the invitation would be accepted as soon as received.

Washington Optimistic

WASHINGTON, D. C.—Unexpected optimism was apparent in official quarters here Saturday over the outcome of the anthracite conference to be held in Harrisburg, Monday.

Late reports from observers of the government agencies who have been in touch with the operators and miners were said to have given a basis for a new feeling of confidence. The impression prevailed here that Governor Pinchot would be prepared, when the conference begins, to go further than he indicated in his statement at the White House Friday in suggesting the basis upon which, as special mediator from the government, he believes a settlement should be effected.

It had been suggested that before proposing any program, the governor would first sound out sentiment in an effort to determine what would be the minimum acceptable to each side.

Will Offer Government Plan

There were reports in government circles, however, that this already had been ascertained, and that Mr. Pinchot was prepared to indicate what the government considered a proper settlement, equitable alike to labor, capital and the consumer.

The government position is said to be connected closely with conclusions reached by the coal commission, and to be set forth in its "emergency report." The findings of the commission have been completed and are awaiting authority of the White House for publication. President Coolidge is said to have decided to withhold release until the last possible moment in order to give Governor Pinchot a free hand in his efforts.

Push Distribution Plans

The feeling of optimism here, however, did not halt preparations for the situation which would follow a shut-down in the anthracite fields. Chairman Hammond of the commission, held a brief conference with President Coolidge and said afterward that "excellent progress" was being made in formulation of the government plan for use of anthracite substitutes in event of a shut-down of the mines.

"If there is a shut-down," Mr. Hammond said, "the anthracite market will be flooded. When there is a resumption of work after such a shut-down both the operators and the miners will find the market for anthracite shut off for the rest of the winter at least."

Capital Awaits Result

WASHINGTON, D. C.—The government Saturday awaited the outcome of efforts by Governor Pinchot of Pennsylvania to find a compromise which would lead to a settlement of the anthracite crisis. The designation of Mr. Pinchot as a mediator, which followed his conference here Friday with President Coolidge and Chairman Hammond of the coal commission, has perceptibly strengthened the feeling of optimism which has

ALL NATIONS DEFEAT LA CROSSE TEAM FRIDAY, SCORE 5-4

NEWLY ORGANIZED CLUB LOOKS GOOD DESPITE DEFEAT

Old Montague and Nelson Players Put Up Good Game at Copeland Park

PUT UP GOOD EXHIBITION IN FIRST APPEARANCE ON FRIDAY

George Gonja, Organizer, Will Try to Keep Team Together

Defeated 5 to 4 in a seven inning encounter with the St. Louis All Nations Friday afternoon, the newly organized La Crosse baseball club nevertheless got away to a good start. The team, composed entirely of former Montague and Nelson players, showed some real baseball despite their few chances to practice together, and if Manager George Gonja can keep them together for the rest of the season, he will have a ball club to brag about.

The crowd of fans that gathered to witness the contest Friday afternoon was larger than usual for a twilight game, and all who turned out saw a good game. The All Nations showed up about as well as any team which has played in Copeland park this season, astonishing the spectators with the exhibition of speed in fielding the ball and base running.

"Big" Benn, on the mound for the locals, pitched a steady, good game, letting the hard hitting visitors down with but seven safe blows in the seven innings of the game. The All Nations used two pitchers. Davis being relieved by Campbell with two out in the fifth.

Scoring

The visitors scored in the first frame when Melner threw Donaldson's grounder wide to first and Mathell sacrificed him to second. He went to third on Franzini's wide throw to second and scored on Forman's single. They scored two more in the third when, with two out, Donaldson singled, Mathell walked and Forman knocked a long fly to center field which Bernick dropped, letting in the two runs. Another tally came in the fourth when Bobo walked and scored on Butler's double. Donaldson, first man up in the fifth, doubled and scored on Mathell's single.

The locals pushed one across in the first. B. Angell walked, Bernick beat out a bunt and Angell went to third on a fielder's choice, scoring on Melner's single. Two more scores were marked up in the fifth, when Franzini walked, Benn was safe at first on Campbell's error and B. Angell doubled, scoring Franzini and Benn. B. Angell's hit in the seventh, followed by Bernick's sacrifice and a stolen base which put him on third, was responsible for the score which followed Melner's slashing single.

May Finish Season George Gonja, promoter and organizer of the newly organized team, asserted Saturday morning that after Sunday he would have his team in the field for games. He intends to play four dates and other games until the end of the season, with the hope of getting into a city series here. He has communicated with Bobby Moore at Dubuque and found him willing to play, if his money demands are met, after September 1. Gonja will be finished with the season with the La Crosse aggregation. Gonja is figuring on McCauley and Benn for pitchers, with Franzini behind the bat.

BRITISH ADMIRALTY OFFICES MOVED INTO COUNTRY SECLUSION

GREENWICH, Eng.—The lords of admiralty, much disturbed, are transferring the admiralty building to a spot in the Surrey hills, miles away from any electrical disturbances and far from the interference of civilization.

The reason given is that the electric railways are interfering with the science of navigation.

The current used by the feds puts the ships' compasses, which are adjusted in the admiralty building, so much out of gear that they cannot distinguish between the pole and the live rail, which points southeast. Hence the removal.

SCULPTOR ATTEMPTS LIFE

NEW YORK.—Johnnes Sophus Gelet, Danish sculptor, recipient of three medals for the excellence of his work, attempted to commit suicide by cutting his throat.

Fate Holds Walter Johnson Down With Tailenders But Pushes Ernie Right Up With Topnotchers

BY BILLY EVANS

NEW YORK.—Fate plays a leading role in the career of many baseball stars.

Fate seems to have decreed that Walter Johnson, greatest pitcher of all time, is never to play on a pennant winner.

Johnson has spent his entire big league career with the Washington club. During the greater part of the time it has been a second division aggregation.

It has been Johnson's bad luck to have cast his lot with a consistent loser. The ambition of his life, to pitch in a world series, probably never will be realized.

While Fate frowns on some of the noble athletes, it smiles most blandly on others. Take the case of Ernie Johnson of the New York Yankees, for instance.

White Sox Ask Waivers

Johnson began the season with the Chicago White Sox. Salary differences delayed his spring training. Lack of condition got him away to a late start. To cap the climax, the White Sox asked for waivers on Johnson.

Now for the big break in his career. The New York Yankees lacked substitute infielders. Fear that Everett Scott might break, made it necessary that the Yankees secure an understudy. The Yankees decided to claim Johnson, feeling that the veteran shortstop would be a very handy man to have around.

Enter Johnson in a decidedly new role. Always a good fielder, it was figured that he would be able to fill the gap at shortstop if Scott faltered. Just a fair hitter, the Yankee management didn't bank so strongly on Johnson's batting prowess.

Since joining the Yankees, Johnson has had little chance to show in the field, because Scott seems capable of going on forever. It is at bat that Johnson has shined.

When speaking of pinch hitters extraordinary, don't overlook Ernie Johnson. In that most difficult department of the game he has been the outstanding figure of the season.

Johnson's debut in New York was most auspicious. Sent in as a pinch hitter, he drove the first ball pitched into right field bleachers for a home run.

Since that time, in 15 trips to the

SENATORS SWAMP CLEVELAND, 20-8

Five Indian Hurlers are Walloped Hard by Washington Club

ST. LOUIS MAKES IT FOUR STRAIGHT WITH BOSTON, 6-5

Yanks Recover from Slump, Down Tigers, 7 to 1

CLEVELAND, Ohio.—Washington battered five Cleveland pitchers hard and won the final game of the series, 20 to 8, here on Friday.

Zahner was knocked out of the box in the first inning but Russell, who relieved him, held the Indians safe until his team had an unbeatatable lead.

The hitting of Rice, Judge and Goslin and fielding of Speaker featured. The score: R H E Washington, 250 145 300—20 20 2 Cleveland, 200 021 300—8 10 2

Batteries: Zahner, Russell, Mitchell and Ruel; Bedgood, Sauter, Metcalf, Smith, Fry and O'Neill and Myatt.

St. Louis, 6; Boston, 5 ST. LOUIS, Mo.—By The Associated Press.—St. Louis made a clean sweep of the four game series with Boston by taking Friday's contest, 6 to 5. Williams' single drove in Gerber with the winning tally in the ninth. Manager Jimmy Austin's indefinite suspension was lifted on Friday. The score: R H E St. Louis, 200 210 100—7 13 1 Boston, 100 000 010—5 10 2

Batteries: Pennock and Hoffman; Olson, Cole, Pilette, Holloway, Francis and Bassier.

Philadelphia, 3; Chicago, 2 CHICAGO, Ill.—By The Associated Press.—The Athletics made it two out of three from the White Sox by taking Friday's final, 3 to 2. The score: R H E Philadelphia, 300 000 000—3 7 2 Chicago, 100 000 000—2 8 1

Batteries: Naylor, Harris and Perkins; Robertson and Schalk.

TRI-STATES PLAY TAYLOR ON SUNDAY

The Tri-State baseball club will journey to Taylor on Sunday to meet the last Taylor team in a game Sunday afternoon. Lamberson will do the hurling for the locals.

The team members are requested to meet at the office of the Tri-State Ice Cream company at 9 o'clock Sunday morning, ready to make the trip.

NEW YORK.—Johnnes Sophus Gelet, Danish sculptor, recipient of three medals for the excellence of his work, attempted to commit suicide by cutting his throat.

GREENWICH, Eng.—The lords of admiralty, much disturbed, are transferring the admiralty building to a spot in the Surrey hills, miles away from any electrical disturbances and far from the interference of civilization.

The reason given is that the electric railways are interfering with the science of navigation.

The current used by the feds puts the ships' compasses, which are adjusted in the admiralty building, so much out of gear that they cannot distinguish between the pole and the live rail, which points southeast. Hence the removal.

BAND MUSIC TO BE SPECIAL FEATURE OF G. A. R. MEET

Drum Corps and Bands from Many Parts of the Country to Come to Milwaukee

MILWAUKEE, Wis.—Drum corps and bands from every section of the country will be heard here during the 5th annual encampment of the G. A. R. on Sept. 2 and 7. Eighteen musical organizations are expected to attend the encampment according to William E. Engelbrecht, chairman of the committee arranging for the housing and "rations" for the visiting musicians. The number of men in these units will total 330.

The Wisconsin Veteran's drum corps of this city which has virtually attended every national encampment since its organization in 1900 will play a prominent part in the musical activities of the encampment.

Among the organizations coming from other states is the drum and pipe corps of Post 151, Long Beach, Cal. All members of this corps are veterans of Grant's campaign, since removed to the western coast.

LEVIATHAN BEATS OLYMPIC IN BY FOURTEEN HOURS

SOUTHAMPTON.—The White Star liner Olympic arrived at this port from Cherbourg at 7:45 o'clock Saturday morning.

The United States shipping board vessel Leviathan put in at Southampton at 12:55 o'clock Friday afternoon, Greenwich time. She preceded the Olympic into Cherbourg by 14 1/2 hours.

Both vessels left New York last Saturday. The Leviathan clearing Sandy Hook bar just thirty-five minutes after the Olympic had passed the same point.

GOODBYE TO THE SNOW SHEDS

The snow sheds along some of the railroads through the Sierras are being taken down, one stretch measuring 14 miles in length. Some sort of snow fighting equipment will be used instead. These enormous structures were novel at first, but when it came to riding through them mile after mile passengers grew tired of them and besides they wanted to see the scenery. Some of these sheds were built in localities where the country was somewhat lacking in picturesque features, but at the same time passengers were always trying to get a glimpse through the windows—like openings which occurred at regular intervals, but this was impossible as the movement of the train precluded anything like a glimpse of the country—nothing but flash of light. Consideration of the wishes of passengers coupled with the fact that the maintenance of the sheds has been a costly system of expense prompted the railroad to dispense with the long snow sheds.

APPLE HAS MANY VIRTUES

Apples have excellent medical qualities. Chemically, the apple is composed of vegetable fibre, albumen, sugar, gum, chlorophyll, malic acid, gallic acid, lime, and much water. The acids of the apple are of signal use to men of sedentary habits whose livers are sluggish in action, these acids serving to eliminate from the body noxious matters which, if retained, would make the brain heavy and dull, or bring about jaundice or skin eruptions and other allied troubles. Some such an experience must have led to our custom of taking apple sauce with roast pork, roast goose and like dishes. It is a fact that such fresh fruits as the apple, the pear and the plum, when taken ripe and without sugar, diminish acidity in the stomach rather than provoke it.

MAGNUS THUNDER

NOT TO BOTHER CAPITAL. WASHINGTON, D. C.—Senator-elect Magnus Johnson has been assigned suite 125 in the senate office building and thereby hangs a story.

When it came to finding suitable quarters for Senator Johnson, consideration was given to the fact that he has a thunderous voice. The partition between the rooms are thin and any loud expressions can be heard in the adjoining rooms.

The problem was solved by arranging for a "buffer room" between his suite and those adjoining.

Senator Johnson has been placed as far away from the so-called radicals as possible. He is on the same floor with Senators Lenroot, Cameron, Hale, McKinley and Harris.

EUROPE'S ILLS LAID TO GAMBLING FEVER

NEW YORK.—William Muggell Fisher, of Woodstock, N. Y., who returned on the steamship Kungsholm, said he found Europe gambling mad, with most of the population of England betting on the races and the people of France and Germany playing lotteries sanctioned by the government. He lays many of Europe's ills to the gambling fever. "Artistic endeavor is at a standstill and inspiration is dead," he said. "Young artists going abroad to study are returning home in disgust."

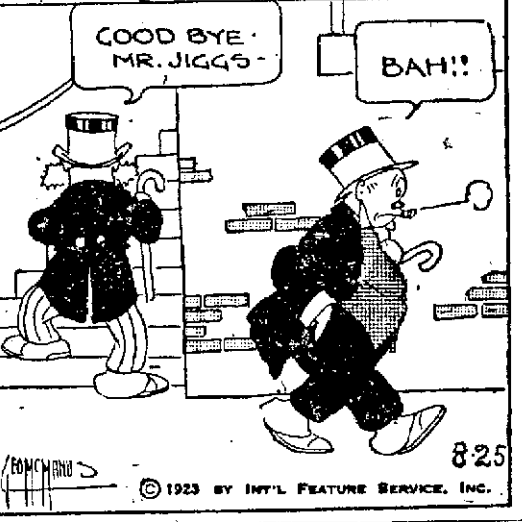

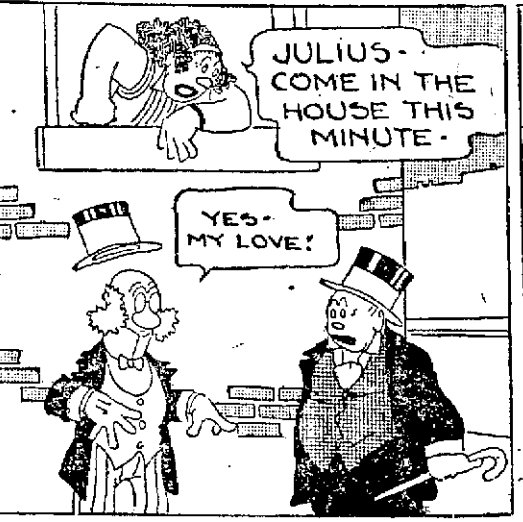

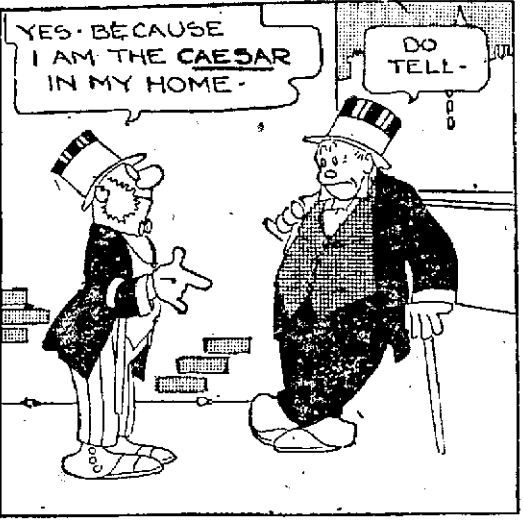

N. D. HAIRDRESSERS ORGANIZE

GRAND FORKS, N. D.—Mrs. Emily O. Reed of this city was elected president of the North Dakota Association of Cosmetology at a meeting here when the state convention was formed and became affiliated with the National Hairdressers' association. Organization work was conducted by Miss Florence De Gulle of Minneapolis, a trustee of the national association and president of the Minnesota association.

CHAMPION KNITTER PARALYZED

WHEATON, Minn.—Mrs. William Norda, Traverse county pioneer and champion knitter of Minnesota in the war, suffered a paralytic stroke and is entirely helpless, it was announced here Wednesday.

BRINGING UP FATHER

SUCCESSFUL CLOWNS MASTERS OF MIMICRY SAYS DOPHIE BLUE

Funniest Persons in World Not Show People, Declares Circus Comedian

Mastery of the art of the mimicry is of utmost importance to one who aspires to success as a present day clown, according to Dophie Blue, a prominent member of the Joy department of the Sparks Circus which will visit La Crosse, Wednesday August 25.

"The world is full of funny folks and if one knows how to mimic them faithfully success is assured," declares Blue. "Whenever a clown creates a comic character for the circus he has a certain person or a certain type in mind. Unless he knows the person or type, and can truly mimic them, he cannot portray the character cleverly. In my career under the white tops I've had to portray many types of funny folks, and the funniest characters were replicas of those I had seen while on the road. As a clown I must be funny to earn my daily bread, but as a close observer of life I have learned that the funniest persons are not performers, but can be found walking around our city streets and through our country roads. The greatest clowns in the world are outside of the circus business and they are blissfully unaware of the fact that they are clowns, being copied by men who make a living before the public mimicking them."

Dophie Blue is one of a small army of fun producers who appear in conjunction with the elaborate performances of the Sparks Circus this season. Manager Sparks has assembled a most novel and diversified program and presents about everything that a real high class circus could possibly offer.

The circus is noted for its hundreds of fine horses, its well selected menagerie and the beauty of its costuming and these features will be evidenced in the street parade which leaves the grounds at 10:30 a. m. on Circus day. The performances will commence at 2 and 8 p. m. and the public will be admitted one hour earlier. All children under 12 may see the big show for 30 cents, including war tax during the local engagement.

CHURCH ON RAILROAD TRACKS

The Catholic church maintains three chapel cars which are operating in different parts of the country. Two have been cruising around the remote localities of the northwest and the third, which was recently completed, was parked on a siding of the Long Island railroad, at Manhattan Beach, giving many persons an opportunity to visit this novel chapel. This car is named the St. Paul and is in charge of the Rev. J. P. O'Mahoney. The interior is fitted out with a complete altar and seats on either side of a central aisle. Back of the altar are the living quarters of the priest in charge. This car goes into a sparsely settled community and regular services are held for the purpose of arousing interest in the church. Marriages are performed and children baptized and often the beginnings made for the establishment of a little chapel.

MARINETTE FILES SUIT FOR MORE WATER PRESSURE

MARINETTE, Wis.—Charges against the company handling the Marinette water supply were filed at Madison through Mayor Werner Schomaker and City Attorney John H. Franke.

The complaint requests that the commission set an early date for a public hearing here.

Principal complaints are registered against an alleged lack of pressure. Especially pressure sufficient for fire fighting and an unwillingness on the part of the company to remedy alleged defects in the service.

A controversy on the water situation has raged here for some time.

EXHIBITS SET RECORD AT MANITOWOC FAIR

MANITOWOC, Wis.—Exhibit records in every department are broken at the county fair, in progress here. Wednesday was Two Rivers day and that city was represented by about 3,000. The Hamilton Manufacturing company of Two Rivers was host to its employees and their families, which alone numbered about 1,200 persons.

40 AND 8 SOCIETY TO PICNIC

PARGO, N. D.—An old-time community picnic will be staged at the state fair grounds here September 3, in connection with the Forty Hommes et Eight Chevaux Labor day program. B. J. Fairfield, secretary of the committee in charge, announced Wednesday. The old-time greased pig, greased pole, nail driving and other contests are planned.

They say the waltz will return this fall. This is the third fall they have said it.

MAKES KIDS LAUGH

Dophie Blue, Clown, a prominent Member of the Joy Department of Sparks Circus.

LOCAL COUPLES ARE MARRIED BY JUDGE IN WINONA

Two La Crosse couples went to Winona obtained licenses and were married by Probate Judge Looby. They were Gustave Hagen and Gunda Halseth, who were married Thursday, and Lyle Robinson and Marjaret Hanson, who were married on Friday. Alfred W. Bowers of Waverly, Wis., and Lyle Larson of Camp Douglas, also obtained a marriage license and were married by Judge Looby Thursday.

ANIMAL KINGDOM TOTTERING

The entire animal kingdom is threatened by the unparalleled ravages of the fur trade and alerted by the bone and fertilizer trade. But after all woman is primarily responsible in her craze for fur wearing—winter or summer. The skins sold in three years reach the surprisingly large figure of 107,689,927. To properly show the slaughter that is taking place, one must allow for animals which were killed and not sent to market, also for wounded animals. The final cause of the Close of the Age of Mammals can be arrested only through the creation of sound sentiment and education of the children and of women, in the same manner in which the National Association of Audubon societies has arrested the destruction of birds.

"RACE RIOT" FOLLOWS BASEBALL ARGUMENT

STEVENS POINT, Wis.—Following a threatened "race riot" here as the result of a baseball game with a negro team, Mayor J. N. Welsby took drastic steps and ordered the entire negro population of the city rounded up and placed in the county jail. And so William Jones, porter at the Whiting hotel, whose ideas on baseball were radically different from those of the white fans, found himself escorted to a cell. He will be released when it is deemed safe for him.

NEW GREEN BAY HOTEL CONFINED TO EIGHT FLOORS

MADISON, Wis.—The Northland hotel, Green Bay, now under construction cannot become more than an eight floor hostelry. The original plans had called for eight stories but the structure was built so that another story could be added. The hotel was started before the state in limiting the heights of buildings outside of Milwaukee to 100 feet went into effect.

Robert M. Rieser, assistant attorney general, ruled Saturday that the extra story would make the building exceed 100 feet in height and could not be allowed because the extra story had not been included in the plans approved before the new law went into effect.

"YES, WE HAVE NO BANANAS" SETS THREE NEW RECORDS

In three months there were sold more than a million copies of the music of "Yes, We Have No Bananas," but why no one knows. Musicians say it is not the music, so it must be the words, but poets and literary people refuse to say that it is the words in which the song lays its claim for popularity. The publishers say they recognized it at once as a winner and while it is not customary to advance more than two hundred dollars in a work of this kind they attested their faith in it by advancing a thousand dollars. Frank Silver and Irving Cohen wrote it and when they played it for the first time on the dance floor it made an immediate hit and every one on the floor was humming it. There was at once a frightful rush of songs equally inane, mere imitations of bananas, but they all fell flat, but bananas survived and persisted and has made the greatest record of all songs not only in sheet music but in phonograph records and incidentally it has greatly stimulated the sale of the fruit—three big records in one.

TURKEY RATIFIES LAUSANNE TREATY

ANGORA.—The Turkish national assembly has ratified the Lausanne treaty by a vote of 213 to 14. Turkey's signature to the document will end the historic Lausanne parley in which she adjusted war and post war differences with the western powers.

U. S. BACKS WOOD

WASHINGTON, D. C.—The Washington government will stand squarely behind Governor General Leonard Wood in his administration of affairs in the Philippines, declared a spokesman for President Coolidge.

"THE SCARLET CAR"

Richard Harding Davis established himself as one of the world's real masters of the adventure story. He did it by meeting adventure first and then talking about it afterward. Where did he find it? "The Scarlet Car," film play coming to the screen of the Majestic Theatre beginning Sunday illustrates the fact that Davis found adventure wherever he found human beings and the principal institutions of life. He found "The Scarlet Car" in a city of average size, with the characters average people. Herbert Rawlinson stars in the role of a young fellow who gets arrested thirty times in thirty days for speeding, and who has the faculty of believing the honest and punishing the dishonest in the nose.

STRAND TODAY

The movie fan who glories in fistful encounters will find a highly exciting sequence in "The Great Alone" starring Monroe Salisbury, which is to be presented at the Strand theater today. Monroe Salisbury and Walter Law engage in one of the best fist fights ever pictured on the silver screen in the climax of this stirring picture. It is not only a battle of fists but of wits. Salisbury plays the part of a half-breed, and his heritage from his Indian mother was craftiness as well as fortitude.

"TRILBY"

The interesting role of Geoko, in Richard Walton Tully's all-star production of "Trilby" coming to Riviera Theater Sunday till Tuesday offers Francis McDonald new opportunities. Inasmuch as all of his former preparations have been those of villain roles, whereas in "Trilby" Geoko is a down-trodden, cringing, abused little musician, who is inspired to a doglike devotion to his master, the sinister Svengali.

DR. M'GOVERN IN CHARGE OF FUND DRIVE FOR N. W. U.

Mrs. Agnes Voigt to Assist in Campaign in this Vicinity

Officials of the coming Northwestern university \$5,500,000 nation-wide campaign for endowment and new buildings have announced that Dr. Thomas H. McGovern, La Crosse, will have charge of the local campaign in this district. He will be assisted by Mrs. Agnes Voigt, 406 South Fifteenth street.

Present plans call for a nation-wide campaign for Northwestern to begin in October. The funds raised will provide for the construction of the McKinlock Memorial campus on Lake Shore Drive, the drawings for which call for the finest urban campus in America. It will house the four professional schools of law, medicine, dentistry and commerce. The present campus at Evanston will be enlarged, a special feature being the construction of buildings and dormitories for the women students who form at least one-third of the total enrollment of the university.

Judge Elbert H. Gary, chairman of the board of the United States Steel corporation, is chairman of the honorary advisory committee of the campaign.

VARIETY OF ACTS OFFERED ON BILL AT RIVOLI SUNDAY

The Stellar Quintette, saxophone ensembles do jazz, will head the bill at the Rivoli theater on Sunday. The boys who play the instruments are all booked as first class musicians, and promise an entertainment out of the ordinary. Williams and Clark, direct from the Hennepin theater, Minneapolis, are singers and authors of popular songs. Evelyn White, a pretty and charming young woman, will offer a skit of her own which she calls "Cheerful Chirpings." It will include whistling, singing and comedy patter. The Blimble, comedy acrobats, will offer a novelty act, and Dashington's Dogs will entertain in the final act of the bill.

CHICAGO HAS WORLD'S BEST PICKPOCKETS, JUDGE SAYS

BUENOS AIRES—Four Chicagoans were guests at an American club luncheon Friday. Prof. Riggs of the Field Museum, Judge Henry Horner, James Sheehan, former president of the Chicago Bar association, and Albert Meyer, Prof. Riggs, who was the speaker of the day, discussed Patagonia as the fountainhead of an animal life which is distinct from that of other continents and as one of the world's richest fossil fields. Judge Horner in acknowledging his introduction, said that Chicago had the prettiest women, the biggest cows and the finest pickpockets in the world.

PERSHING INSPECTS BATTLE CREEK CAMP

BATTLE CREEK, Mich.—General John J. Pershing, making an inspection tour of army camps, arrived here at noon Saturday for an inspection of camp Custer and a review of the 2,400 Illinois, Wisconsin and Michigan youths attending the citizens' military training camp. The general came here from Camp Devens, Mass., and from there will go to Washington and Fort Meade, Va.

The youths in training here are completing their third week.

FARMER FALLS INTO ENGINE

WHEEL: WHIRLED TO DEATH: CHANPAIGN, Ill.—Roy Moon, a farmer, was killed instantly when he fell into the fly-wheel of the engine of a thrashing outfit. His head was almost severed from his body and the body was badly mangled. Moon was leaning over the fly-wheel oiling another part of the machine. It is believed that some part of his clothing was sucked into the wheel and pulled him to his death.

FORMER STATE OFFICIAL DIES IN ILLINOIS

EAT CHAIRE, Wis.—Lafayette M. Sturdevant, 67 years old, former attorney general of Wisconsin, died at a hospital in Quincy, Ill., after a short illness, according to word received here Saturday from Mrs. Sturdevant. He was stricken while visiting friends at Quincy. Burial will be at Camp Point, Ill.

WOMAN BOBS GIRL'S HAIR: BARBER HAS HER ARRESTED

CARBONDALE, Ill.—What is believed to be the first warrant under the new state barbers' law was issued Friday against Mrs. Clay Hawkins, proprietor of a beauty parlor, Marshall Barton, a barber, alleged Mrs. Hawkins had bobbed the hair of his daughter.

MURDER MYSTERY UNSOLVED FOND DU LAC, WIS.

FARGO murder mystery is no nearer a solution now than on the morning the body of the Soo workers was found in a field at North Fond du Lac.

E. J. O'Brien, arrested Thursday at South Milwaukee for questioning, proved to the satisfaction of Sheriff F. W. Schlaak that he was not implicated and established an alibi that was unshakable, the sheriff said Saturday.

REAL ESTATE TRANSFERS

The following deeds have been recorded with Register of Deeds Wachs: William M. and Gertrude Crowley to Glen Rist, lot 8, block 5, Scott's addition, except the north 48 feet thereof.

A. M. and Ipez C. Brayton to William M. Crowley, part of the southwest quarter of the northeast quarter of section 4, township 15, north of range 7 west, formerly known as lot 102, block 5, Smith and Batchelder's addition now vacated.

LIKE TARZAN

Mary Frances Ward, of Atlanta, Ga., is only nine months old but she does stunts on a trapeze improvised from a coat hanger to show her unusual physical development.

MAN KILLED BY AUTO DOOR

HUNTINGTON, N. Y.—Charles Romano was killed when the door of his sedan, on the running board of which he was riding, swung suddenly to, and the handle pierced his left lung. Romano had stepped on the running board to wipe rain from windshield while a companion took the wheel.

COOLIDGE SEES BAR IN WAY OF AIR TREATY

WASHINGTON, D. C.—Practical difficulties in the way of a conference for the limitation of aircraft building for war purposes are considered by President Coolidge to be even greater than at the time of the Washington arms conference.

PROBE MADISON DEATHS

MADISON, Wis.—Coroner Joseph Stephenson of Dane county announced Saturday that he would call a jury to investigate the death of Mrs. Esther C. Thompson, 24 years old, and her son John Thompson, who died here early this week from undetermined causes.

Analysis to determine if death was due to poisoning is being made at the University of Wisconsin pathological laboratory.

JUDGE HAS NEW EDICT

CARRINGTON, N. D.—"Singular or odd" is the edict to be handed out by Judge Murphy of the city court hereafter. Persons brought before him on charges of intoxication. They must either tell from whom they purchased the "bootch" or go to jail for thirty days, is the judge's declaration.

BALDWIN ON VACATION

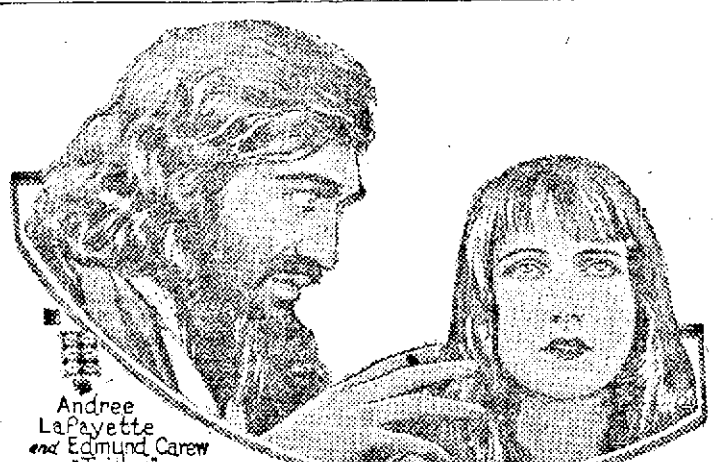

LONDON—Stanley Baldwin, the British prime minister, accompanied by Mrs. Baldwin left Saturday for Aix les Bains, France, for a brief vacation. The French charge d'affaires, M. De Montille, talked to the prime minister at the railway station for some time.

MOLLA WINS TROPHY

BROOKLINE, Mass.—Mrs. Molla Bjurstedt Mallory of New York, won the Lindwood women's bowl Saturday by defeating Miss Kathleen McKane, British women's champion, 6-2, 6-1. In the final match of the invitation women's tennis singles tournament.

"Books are like friends," says Book Chat writer. "We don't think so Books never betray money."

Singing frogs are being sold in Tokio. The little fellows may sing because they are not hizards.

At the Rivoli Theatre Sunday, Monday and Tuesday

Rodolph Valentino and Agnes Ayres in "The Sheik," at the Casino Monday and Tuesday

APPEALS TO U. S. TO JOIN ALLIES IN WINNING PEACE

WILLIAMSTOWN, Mass.—By The Associated Press.—In an appeal to America to join the allies in winning the peace, the Earl of Birkenhead, former lord chancellor of Great Britain, emphasized in the final lecture of the Institute of Politics Friday night, that self-interest alone would determine this country's course. He asserted the world was not yet ready for the idealism of Woodrow Wilson.

Lord Birkenhead declared the world probably would not survive free idealism given a complete free rein; no nation in democratic conditions ever would become the knight errant of the world. He said Mr. Wilson's judgment of his countrymen was wrong and through this error he became the agent of all post war developments from which altruistic mind would have recoiled.

He insisted that Germany should be made to pay as a warning to others.

MASHEK BUYS SITE AT 5TH AND CASS FOR BIGGER GARAGE

John Mashek has bought the property and home of Mrs. Miller at Fifth and Cass streets. Mr. Mashek says he plans to build an addition to the Mashek garage in the form of an oil station or show room.

SAWYER TO REMAIN AS WHITE HOUSE PHYSICIAN

WASHINGTON, D. C.—A decision to retain Brigadier General Charles E. Sawyer as physician to the president was announced Saturday at the White House.

TWO KILLED IN FLOOD

EL PASO, Texas.—Two persons were killed, seven were severely injured and a score slightly hurt in a flood which did \$200,000 damage to adobe homes in the lowlands of Juarez, across the Rio Grande from here, Friday night.

OBITUARY

MRS. KATHERINE KADROWSKI

Mrs. Katherine Kadrowski passed away late Friday afternoon at a local institution after a brief illness of a week.

The remains will lie in state at the Telley Funeral chapel, 295 South Fourth street, until this evening when they will be taken to Podge, Wis., where the funeral services will be held Monday morning, with interment at the Pine Creek cemetery at Dodge.

E. J. FLYNN

E. J. Flynn, aged 58, died at his home, 123 South Sixth street, at 1:30 a. m., Saturday. Mr. Flynn is survived by a wife and one son, John Flynn. Rosary will be said Saturday evening at the residence by Rev. Robert Condon. The body will be sent to Wyckoff, Minn., where interment will be made.

MRS. SARAH S. WILLIVER

Mrs. Sarah S. Williver, aged 73, died at a local hospital, Saturday morning of complications. Mrs. Williver was born at Klay City, Ky., and is survived by two daughters, Mrs. F. W. Riddle and Mrs. Susie Ellen Mac Donald of La Crosse, by one son, Alton D. McDonald of Rothdrum, Ind., and by two sisters, Mrs. Hannah Jones of Urbana, Ill., and Mrs. Headwilda Ryder of Columbus, Ind.

Funeral services will be held at the home, 2061 Prospect street, on Tuesday afternoon at 1:30. Interment will be made in Mount Hope cemetery, Hokah.

LLOYD GEORGE SOON TO VISIT AMERICA; NO MONEY SPEECHES

NEW YORK.—David Lloyd George, former premier of Great Britain, will visit the United States and Canada between September and November, said Sir Alfred Cope, under-secretary for Ireland during the Lloyd George regime, who arrived on the Mauretania Friday to make arrangements for his former chief. The date will be before November 13, he added, as the former premier wishes to be back in England on that date, when parliament convenes.

"L. G.'s visit will not be political," Sir Alfred said. "Nor will he give any lectures or make any speeches for money. He probably will speak only once or twice during his visit. It has been his life wish to visit the United States. He regards it as part of the education of an intelligent Englishman to visit the United States."

"He said to me before I left: 'I want to go to America, as the Americans are teaching the world how to do things.'"

SCHAD RE-ELECTED ELKS' PRESIDENT FOR A THIRD TERM

(Continued from page one)

short working days and labor saving devices.

Mr. Schad, president, presided over the meeting and submitted the president's annual report, in which he pointed out the progress made by state lodges and told of the projects which have been put over by the state body.

In the absence of the Rev. J. W. Deplinger, state chaplain, the Rev. V. G. Schenckner gave the invocation. A telegram prepared by Mr. Schad was ordered sent to Mr. Deplinger, who is convalescing from a recent illness at Rochester, Minn. A letter from the chaplain was read to the delegates. Another wire was ordered sent to Robert Brown, who is ill in Cleveland.

Murray Hulbert, president of the New York city council, a nationally prominent Elk, and one of the chief speakers at Friday night's banquet at the Park hotel, gave a short talk in which he expressed his gratification at the invitation sent him by the Wisconsin body.

Officers' Reports Read

The remainder of the session was given over to the reports of the secretary, treasurer and chairman of the various committees, and to collection of money for banquet reservations.

Judge John C. (Ikey) Karel of Milwaukee, chairman of the committee on membership, gave a stirring address, in which he called upon Elks of the state to co-operate with each other in their civic and community projects and to work for the success of the order. He urged that only necessary committees be named and that committees be able and willing to perform their duties well be appointed.

A resolution to establish Wisconsin headquarters in Boston for service at times of national conventions was adopted. G. E. Vandercreek of Milwaukee submitted a resolution calling for the appointment of a committee of five to work with committees from other fraternal organizations in the state for the purpose of keeping out communistic and anti-American agencies. This resolution was referred to the committee on resolutions.

Klan is Rapped

What his hearers interpreted as a direct verbal slap at the Ku Klux Klan was taken by Frank Fawcett of Milwaukee in his memorial address on the late President Harding during the opening exercises Thursday night outside the southwest wing of the capitol. About 3,000 people were in attendance.

"Any body or power that attempts to divide this country along religious or racial lines, whether or not it be invisible, has no place in American life," Mr. Fawcett declared. The largest portion of his talk was devoted to the story of Warren G. Harding's life and achievements. The kindly, human side of the late executive and his self-sacrifice were pointed out and eulogized by Mr. Fawcett.

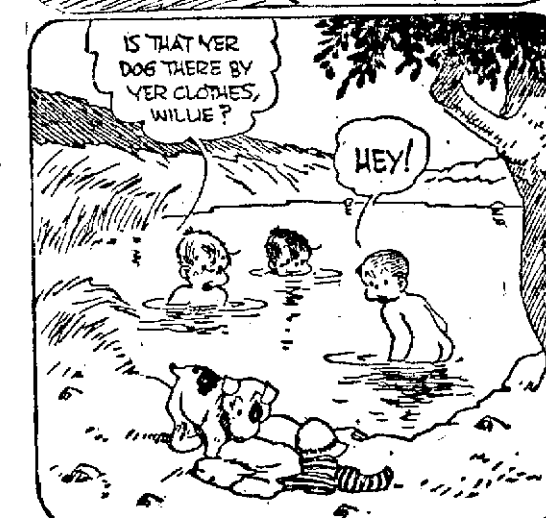

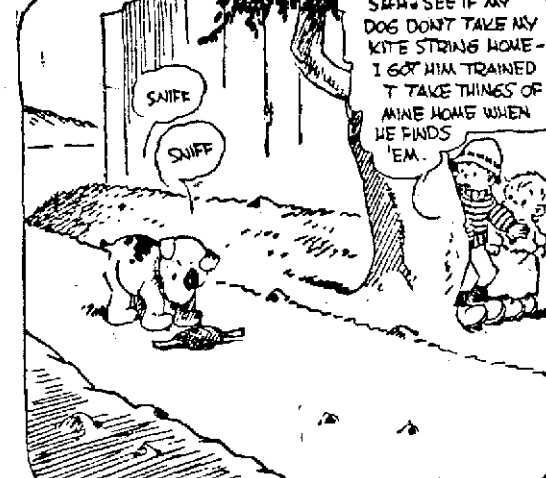

Elks assembled for the convention were urged by the speaker to profit by the example set by their late brother Elk, Warren G. Harding, and to leave for home after the convention, filled with the same spirit of self-sacrifice which dominated Harding's life.

"Warren G. Harding communes to night with the three other martyred presidents, Lincoln, Garfield and McKinley," Mr. Fawcett concluded.

Concert Is Given

Previous to Mr. Fawcett's tribute to the late president, the Rev. Henry Wilmon of Janesville gave the invocation, and the Milwaukee men's chorus sang "Lead, Kindly Light." Judge

SALESMAN \$AM

MY GOSH!! WHAT'S HAPPENED? WE'LL FIND OUT TO-MORROW ?

Walter C. Owen, Madison, presided over the meeting, which followed a concert given by the Simco band of Kenosha.

Led by George Green, the band played a concert from 7 to 8 o'clock, when the other exercises were opened with the invocation. The concert was made up of a number of classical and operatic numbers, and was enthusiastically received by the crowd.

Following Mr. Fawcett's talk, Mayor I. Milo Kittleson officially welcomed the visiting Elks to Madison and figuratively presented all the delegates with keys to the city.

"The badge you wear is a ticket and will take you anywhere in Madison except to the police station," the mayor declared.

Mrs. Bartl Sings

Mrs. Joseph F. Bartl of La Crosse sang two solos, "The Star" and "The Answer," and came back with an encore when the audience refused to allow her to stop.

The response to the welcome at the visiting Elks was given by William Schad who declared he was glad to be in Madison and that he wanted to express the gratitude of the state association for the royal reception given the visitors upon their arrival here.

Gives Elks' History

The history of Elksdom and the principles for which all Elks stand formed the essence of an address by John M. Callahan of Milwaukee lodge. Mr. Callahan pointed out Elks are good fellows, that they at all times support the constitution and the laws of the United States, that they typify the democratic spirit of the nation, and that they realize that this country is the great melting pot of the world and aid in the making of citizens.

The Milwaukee Elks chorus under the direction of Otto Singenberger sang a medley song, and after Mr. Callahan's address and the singing of "America" by the audience, they sang the finale. After the program had been concluded, there was dancing on the capitol pavement until 11:30.

Stay away from Germany. Railroad fares have been quadrupled.

INVITES UNIONS AND OPERATORS TO CONFERENCE

(Continued from page one)

marked official opinion since the situation became acute.

The status of Mr. Pinchot in the general plan for preventing a cessation of hard coal production was described at the White House as "co-operative." Holding an especially strong position by virtue of his office, the governor will have behind him every influence of the federal authority in his endeavor to bring the miner and operator gathering once more to the conference table. It was emphasized, however, that the administration itself intended to adhere to its policy of not further intervening in the controversy.

Plenty of Fuel Available

Fuel reports on the national fuel situation were said to confirm the prediction of the coal commission that anthracite substitutes would be available in quantities adequate for every normal requirement. The 25,000,000 surplus of soft coal produced this year would not figure in any distribution program, since it is held to have been already distributed in the bins of foresighted purchasers.

The bulk of the emergency supply would be drawn from the West Virginia "smokeless" regions, supplemented by coke and fuel oil. The bureau of mines has issued a pamphlet of special instructions on the use of these substitutes for anthracite, in which it is held that little inconveniences and no discomfort would result.

HUGHES SCHEDULED FOR SPEECH IN MINNEAPOLIS

WASHINGTON, D. C.—Secretary Hughes will leave Washington Sunday for Minneapolis and will not return to the state department until September 5. He will address the American Bar association in Minneapolis Friday evening and will go from that city to New York enroute to Montreal, Canada, where he will speak before the Canadian Bar association September 4.

The country bedbugs have enjoyed their vacations on city people very much this summer.

CAPTAIN RYAN, SALVATION ARMY, TO OSHKOSH POST

Captain Ryan former head of the Salvation Army in La Crosse has been appointed to a similar post at Oshkosh for which place he will leave the beginning of next week, accompanied by his wife, Miss Nora Ryle, who succeeds Captain Ryan as the head of the La Crosse district, will be assisted by Miss Muriel Lucas.

CHRISTABEL PANKHURST ASSAILS IMMORALITY OF MODERN FICTION

STONY BROOK, N. Y.—Miss Christabel Pankhurst of London, suffragist and evangelist, declared she did not see "how young girls of today have the slightest chance to preserve purity because of the immorality in the fiction of our day."

Addressing the conference on sacred prophecy which is being held under the auspices of the Stony Brook Presbyterian assembly, Miss Pankhurst said:

"I do not see how the world can go on, while moral conditions are getting dirtier and dirtier every day. Behind it all is the master hand of Satan."

She said suffragists regretted that young women had not used the franchise.

BANK AND TWO MEN GO TO LAW OVER 13 IN. OF LAND

RHINELANDER, Wis.—Thirteen inches of real estate were wrangled over in court here recently. The strip of land in question was owned by the First National Bank of Wausau. C. S. Smith and A. J. Bogler here claimed that through a surveyor's error the land belonged to them. The case has been taken under advisement.

CARD OF THANKS

We, the undersigned, wish to thank the many friends and neighbors for the kindness and sympathy shown us during our late bereavement. The death of our beloved husband and father, especially do we wish to thank the Rev. Fathers, the pallbearers and all who sent the beautiful floral offerings and the spiritual bouquets.

MRS. SOPHIE MEYER AND FAMILY.

1 Ford 1-ton truck, 1921 model with starter.
1 Oldsmobile 1-ton truck, cheap.
Terms if desired.

PANCHO TAKES A CLUB—FANNY'S NOSE REMODELED—WORLD'S BEAUTY CHAMPIONS COMPETE

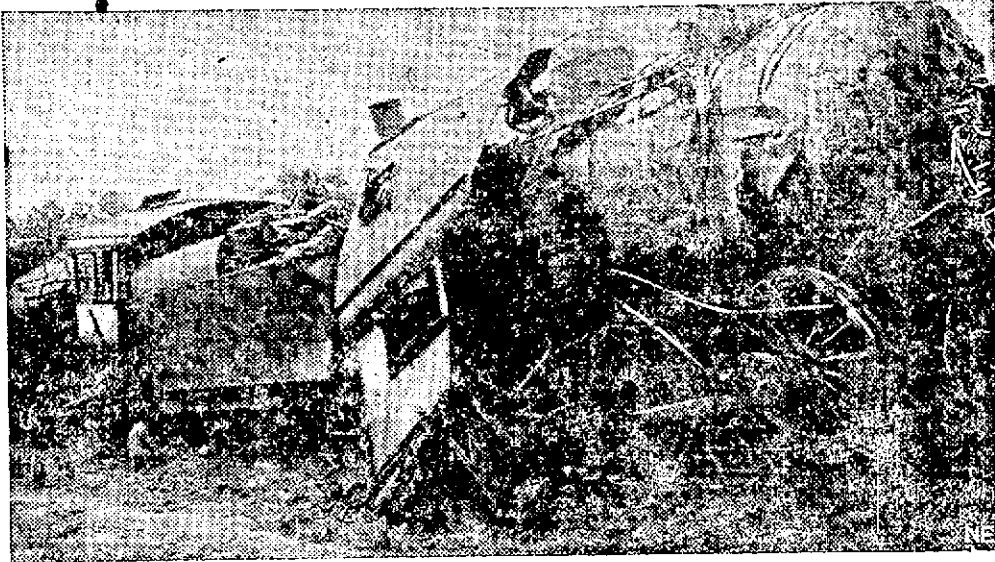

BROADWAY'S PRETTIEST—You have the recorded word of Broadway's show girls that Shirley Vernon, shown here, is that famous thoroughbred's prettiest girl. She's in the Pollies, as her mother, Margaret Vernon, was fourteen years before her. And we'll say Broadway show girls can pick the good lookers too.

BOY, PAGE IZAAK WALTON!—The gentleman in the center lived before his demise in the salty waters of the Gulf of Mexico. He is a Warsaw fish, and resembles a black bass in almost every detail. Note his height and weight on the card. Fred Gersner (left) and Edward Nelson (right), both of New Orleans, caught the fish.

AN EVEN MATCH—Pancho Villa needs that maul. He's only a flyweight champion. Jack Dempsey, heavyweight king, has a reach almost as long as the maul. This, at White Sulphur Springs, N. Y., where Dempsey trains for Firpo and Villa for Genaro.

DEATH WAITED FOR THE CRASH—Five railroad employees were killed when two locomotives of one road crashed into a third locomotive of another line at Fowler, Colo. Photo illustrates with what force the engines must have struck each other.

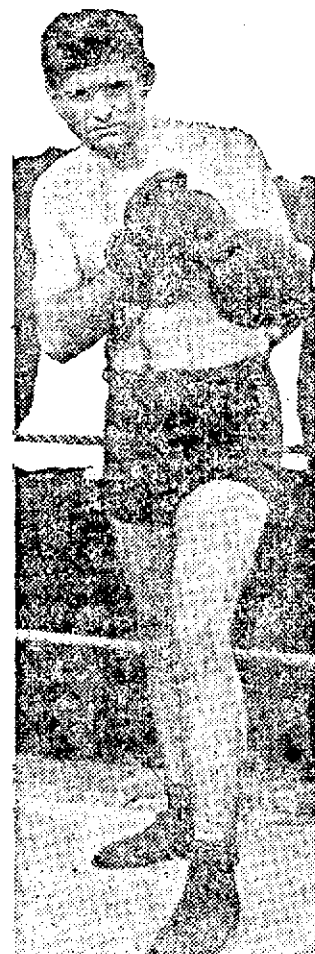

SIR TOM'S TROPHY—Sir Thomas Lipton, famous British yachtsman, has presented this trophy as an award to the winner of the fishermen's race to be held late in August to celebrate the 300th anniversary of the founding of Gloucester, Mass., home of deep sea fishers.

YOU SAY IT!—Speaking of the banana shortage—this young lady is picking some of the now almost extinct fruit in the patio of the Pan-American Union at Washington, D. C.

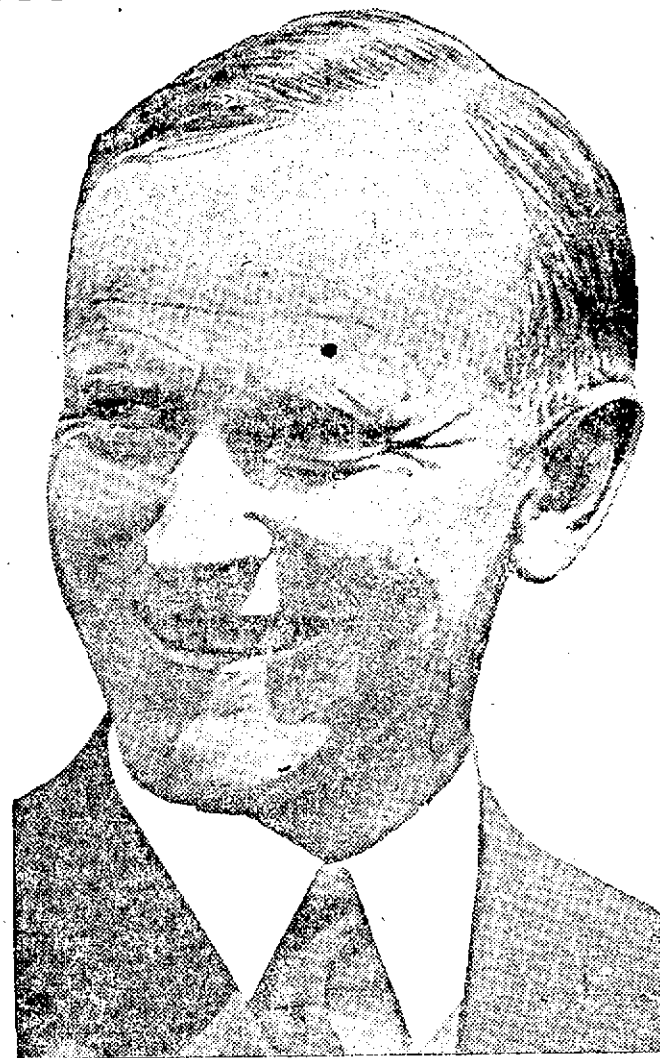

CHAMPAGNE OR WATER?—The "City of Chattanooga," launched from Norfolk recently, has cause to feel happy. These four young women from Chattanooga journeyed to Norfolk and conducted the launching ceremonies. Left to right: Miss Suzanne James and Miss Peggy Williams, maids of honor; Miss Dorothy Patten, sponsor, and Mrs. George F. Milton, Jr., matron of honor. The new vessel is one of 6500 tons and will carry passengers and freight between Chattanooga and either New York or Boston.

RISK DEATH—Montford Warshawer (top) and R. G. Conant, Milwaukee air pilots, have established a new record in flying. In a land plane they flew across Lake Michigan from Milwaukee to Holland, Mich., a distance of 55 miles, in 57 minutes. Never before has a land plane attempted the trip, for to have fallen in the water practically meant certain death.

FOREIGN ENTRANTS IN BEAUTY PAGEANT—The Bathing Beauty Pageant to be held in Atlantic City in September has attracted girls from many other countries. Here are some of them. Left to right: Ethel Carlson, of Sweden; Maria Gravo, France; Amelita DuVal, Argentine; Sidnie Lloyd, Ireland; Sophia Jackson, England; Delphine Wood, Honolulu.

WHEN HE LAUGHS—This unusual photograph of President Coolidge was taken as his features broke in a wide smile at his first conference with Washington newspaper correspondents.

FANNIE BRICE WANTS NEW NOSE—Fannie Brice, noted comedienne and wife of the famous Nicky Arnstein, has decided that she wants to have her nose changed. Dr. Henry J. Schireson, plastic surgeon of Chicago, went to Atlantic City to change the nose from Roman to Grecian. Here he and nurses are preparing Fannie for the operation.

FAMOUS ACE MARRIES AMERICAN—Captain Charles Nungesser, French aviator often called the "Ace of Aces," marries Miss Consuelo Hotchkiss, of New York, at Dinard, in Brittany. Here the bridal couple (left) are dancing the old Breton wedding dance.

BOYS WILL BE BOYS—Oldtimers of Yale and Princeton had their own athletic field day at Rye, N. Y. Here Thomas McCahill, Yale '36, 300 pounds, and Jasper Bayne, Yale '01, 240 pounds, start in the fat men's kiddie car race.

Ford
THE UNIVERSAL CAR.

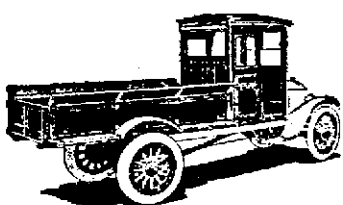

FORD ONE-TON TRUCK CHASSIS

Recognition of the Ford one-ton truck chassis for the type of commercial vehicle best adapted to all general hauling is steadily growing.

More than half of all trucks now in service are Fords. The demand has never been so great. Time-saving delivery routes, a greater ability to keep the truck working at its rated capacity, the demonstrated economy and efficiency of fleet equipment has made its use standard with large business houses all over the country.

In small towns and on farms, the use of the Ford truck is as general as the use of Ford passenger cars.

Ton Truck Chassis, \$380.00
